

Suicide: A Visual Study

Project objectives

- From an **aggregate perspective** our goal is to determine which factors correlate strongly with the suicide rates of a country. We also want to explore how these correlations vary across genders, and how they have evolved over the years.
- At a more **micro level**, we would like to get some insights into the factors that may lead individuals to attempt suicide.

Description of the forum by one of its users

“(...) a place where people who have been alone most of their lives could come and talk about their issues”

friends	social_fear	depressed	what_help_from_others	attempt_suicide	employment
0.0	Yes	Yes	wingman/wingwoman, Set me up with a date	Yes	Employed for wages
